

Work Processes Schedule

EMERGENCY MEDICAL TECHNICIAN

RAPIDS: 0730N

O*NET/SOC: 29-2041.00

REVISION DATE: 03/2015

Assess injuries, administer emergency medical care, and extricate trapped individuals. Transport injured or sick persons to medical facilities. Administers first-aid treatment and life support. Assesses nature and extent of illness or injury. Observes, records, and reports patient's condition. Operates emergency response vehicles. Maintains vehicles and medical and communication equipment, and replenishes first-aid equipment and supplies. NOTE: Completion of the NURSE ASSISTANT, PARAMEDIC, EMERGENCY MEDICAL TECHNICIAN, and/or MEDICAL LABORATORY TECHNICIAN apprenticeship programs does NOT license nor does it guarantee that the apprentice will be entitled to challenge or be allowed to take the state licensing/certification exams. Each state is sovereign and controls their own licensing procedure. Completion of this program documents that an individual has specific work experience in particular skill areas and has completed an apprenticeship program for that trade.
